# Step 1: Create Your Account

Visit ChatterHigh.com and click "Create Account"

# Create a Log-in and Enter Your Details

**Personal Details**

Tell us a few details about yourself, so we can create a more personalized experience while you use ChatterHigh.

First Name      Last Initial      **User Type**

First Name      Last Initial      Teacher / Staff ▼

I prefer to use the pronoun

Male     Female     Other

---

Remember to change your user type to "Teacher"

# Add Extra Details

Select the items that apply to you/your class, and opt in if you'd like to receive the Weekly Report, an email that comes every Thursday with your points and upcoming draws. Your students must also select the items that apply to them when they create their accounts.

**Other Details**

Let us know if any of the following items apply to you. If you're unsure, you can always adjust this in your settings (top right menu — next to your profile).

I am in the AVID curriculum

I am a member of an indigenous community (First Nation, Inuit, Metis)

I was, am or will be involved with Junior Achievement (JA).

Receive Weekly Report?

Receive French language questions?

**Note: By self-identifying here, you/your students will be able to explore additional programs and financial aid that are dedicated to Indigenous students.**

**Note: If you select this option, you will only receive questions in French, not English.**

# Verify Your Account

Check your email and click the long link to verify your account. If you don't receive an email (check your spam!), resend the verification email.

Still don't receive an email? Contact us at [info@chatterhigh.com](mailto:info@chatterhigh.com) and we'll verify your account for you.

Note: You can skip this step if you've signed up using Google.

# Step 2: Create a Class

Pick a class name the students will recognize. Then, select a grade. Don't worry if you have mixed grades in a class.

**Your account is all setup!**

Create a class to start things off. You'll always have access to your classes in the top right menu.

[Create a Class](#)

### Class Details

Once you create this class, you can begin adding students, create challenges, and most importantly, you'll be able to track student activity.

Name	School Year	Grade
<input type="text" value="Ms. Smith Careers"/>	<input type="text" value="2020/2021"/>	<input type="text" value="10"/>

Note

[Save this Class](#)

# View all of your classes, and create new classes at any time by clicking "Classes" in the top menu

7

In your classes, you can monitor your student's progress.

Students can now join your class when they log-in.

# Extra: Competitions

You and your school are automatically entered into any national and provincial competitions. Depending on the competition, you can earn bursaries, gift cards, and money & tech prizes for your school, just by answering questions.

## Top Schools

	Name of High School	Participants	School Population
\$1,200	1. W J Mouat Secondary	549	1372
\$900	2. Kennebecasis Valley High School	272	1139
\$700	3. Oromocto High School	376	1058
\$500	4. Centennial Secondary School	408	1275
\$300	5. Dr Charles Best Secondary	106	1393
\$200	6. Sacred Heart HS (OCSB)	81	1164
\$100	7. St. Ignace High School	60	1000

**Pro Tip: Points earned by parents, teachers, alumni and 'friends-of' count towards school competitions!**

# Let's Talk Careers!

## Canada's Most Informed Schools and Students Competition

Free and easy to use

School and student prizes to be won!

Aligns with curriculum

Fall 2021: October 25 to December 3  
Spring 2022: April 11 to May 20

# How It Works: Quizzing

Whichever activity you choose for your classes, you will be given a series of questions and corresponding research links to help you find the answers.

Click "Research" and get exploring!

The screenshot shows a quiz interface. At the top, a green bar indicates '+50' points earned. Below it, a progress bar shows '1 of 10' questions. The first question asks about Brian Camenzuli's hobbies. A 'Research +50' button is highlighted with a red arrow. Below the question are four radio button options: 'Compete in triathlons.', 'Play online chess.', 'Play ultimate frisbee.', and 'Watch soccer.' At the bottom, there is a 'Submit' button and a link to report a broken question.

The screenshot shows a career profile for Brian Camenzuli on the 'let's talk science' website. The profile includes a photo of Brian in a yellow 'KARIBU SOLAR POWER' t-shirt, his title 'VP of Design & Engineering', and his company 'KARIBU Solar Power'. It also lists his sector as 'Engineering', his location as 'ON', and his education as 'University'. A 'Research' button is visible in the top left corner of the profile card, with a red arrow pointing to it from the quiz interface.

Pro Tip: If the webpage is broken, or no longer matches the question, click here to report it. We give you 50 points if you are first to report a broken link.

# As a teacher, you can quiz and earn points too!

12

The image shows a composite of three screenshots from the ChatterHigh platform. The top screenshot shows a user's profile with a score of 300 and a name 'Ms S' circled in red. A dropdown menu is open, listing 'Virtual High School (Ontario)', 'Quiz', 'Courses', and 'Interests'. The 'Quiz' and 'Courses' options are underlined in red. A red arrow points from the 'Courses' option to the bottom screenshot. The bottom screenshot shows the 'Courses' page with a 'Daily Quiz' button. A red arrow points from the 'Quiz' option in the dropdown menu to a purple callout box on the left. The callout box contains the text 'Today's Quiz' and 'Start Quiz'.

ChatterHigh College & Career Exploration Daily Quiz

**Today's Quiz**

Receive 1000+ points a day, and put it towards entering draws, donating to charity, and competing against other classes and schools on the leaderboard.

Start Quiz

Click on your name in the upper right corner to access the Daily Career Quiz or the Mindful Modules, which are listed on the Courses page.

# How It Works: Daily Quiz Post-Question Survey

13

After each question in the Daily Quiz, we ask students about their level of interest and awareness, to help build their profiles and reports. After 100 questions, we use this information to give them 'smarter' questions that focus on their areas of interest.

Have you heard of Let's Talk Science before?

Yes  No

How interesting is Let's Talk Science to you?

4 - Very Interesting  3 - Interesting  2 - Somewhat Interesting  1 - Not Interesting

Did you know you could study environmental engineering technology/environmental technology or do this as a job?

Yes  No

How interesting is environmental engineering technology/environmental technology to you?

4 - Very Interesting  3 - Interesting  2 - Somewhat Interesting  1 - Not Interesting

Next Question

# How It Works: Student Interests

Students learn about their interests by Major & Program, College & University, and Job & Career.

After 100, 200, & 300 questions, they will unlock new Post-Secondary Match Reports to help guide their plans for the future.

### Programs of study of highest interest.

Majors & Programs shown here received a "Very Interesting" or "Interesting" score.

# How It Works: Career Research

We show students which jobs they expressed interest in, and the corresponding 4-digit NOC (National Occupational Classification) code, so they can find out more about it.

42	Paraprofessional occupations in legal, social, community and education services	9 ↓
421	Paraprofessional occupations in legal, social, community and education services	9 ↓
4214	Early childhood educators and assistants	9 👍

Use the 4 digit code or job title in these links to do more research.

[Career Handbook](#)

[Provincial Resource](#)

The screenshot shows the top of the Career Handbook website. It features the Government of Canada logo and name in both English and French. A search bar is located in the top right corner. Below the header is a dark blue 'MENU' button with a dropdown arrow. A breadcrumb trail reads: Home > National Occupational Classification > Welcome to the Career Handbook. The main heading is 'Welcome to the Career Handbook'. Below this, a paragraph explains that the handbook is the counselling component of the NOC and represents the transposition of content from the 2003 version to the 2016 structure. There are two search filters: 'Search by job title' and 'Search by CH code'. A 'Find subgroup' section contains a search input field with the example text 'Example: 1434.1 - Bank clerks' and a 'Search' button.

# How It Works: Post-Secondary Match Report

Once they have answered 300 questions, students will unlock a report of their top programs and majors. We show them where those programs are offered in your province or territory, in Canada, and in the United States,\* and if the institution has the clubs, sports, or services highlighted in the student's Initial Survey.

## Recommendation Report

We collected your interests from the initial survey and post-question surveys and compared them to a massive database and are giving you the following suggestions.

\*not including private for-profit institutions

### BUILD A REPORT BASED ON YOUR TOP PROGRAM AND & MAJOR

(Change your Program & Major to see results)

Mathematics and statistics

Military technologies and applied sciences

Precision production

Biological and biomedical sciences

Architecture and related services

## Our College & University suggestions are...

23 options with this Program & Major in Ontario:

Algonquin College →

Carleton University ↓

Canada

Ontario

Basketball

Centennial College →

Conestoga College Institute of Technology and Advanced Learning →

Fanshawe College of Applied Arts & Technology →

See All

\*Not including private for-profit institutions

# How It Works: The Top 5 Interest Report

Students will also unlock a new interactive report that allows them to choose their top 5 post-secondary institutions, programs of study, and jobs & careers. Then they can create a downloadable report that compares their choices. It's a great way for students to see how their favourite institutions measure up against each other.

Your report is based on the selections you make below (both from rankings or new selections), in the order you select them.

Colleges & Universities | **Programs of Study** | Jobs & Careers

**Your top ranked Colleges & University**

- 4.0 Olds College
- 4.0 Okanagan College
- 4.0 Centennial College
- 4.0 Lakehead University
- 4.0 New York School of Interior Design
- 4.0 California Institute of Technology
- 4.0 Bishop's University
- 4.0 Dalhousie University
- 4.0 University of New Brunswick
- 4.0 University of Calgary

Interest Ranking Method  
4 = Very Interested  
3 = Interested  
2 = Somewhat Interested  
1 = Not Interested

Or select your own  
Select colleges & universities in order of preference. Spell out the full name (most acronyms won't work).

# How It Works: Mindful Modules

Modules are topic-specific life-skills courses that students can complete at their own pace. All students have access to all of our Mental Health and Wellness Modules. Let your students know which modules you would like them to complete.

## 1. What is Mental Health?

Welcome to the Mental Health and Wellness Modules, by ChatterHigh. We'll ask you a series of questions, and you'll search for the answer on the webpages of Canada's leading mental health organizations. When you answer questions, you'll earn points, which you can use to enter prize draws or donate to Food Banks Canada. We encourage you to keep all of these mental health resources in mind and keep exploring on your own. And remember, if you need someone to talk to about your mental health at any time, you can reach a Kids Help Phone counsellor at 1-800-668-6868.

Start Course

### How do points work?

Getting points is simple. Receive 50 point by clicking the research button and an additional 50 points for getting the answer correct.

**Tip:** Use the Research Button to find the answer.

# Mindful Modules - Digital Guidance Office

Colleges and universities across Canada are now offering dedicated modules on ChatterHigh to guide your students through information on Admissions, Programs, Financial Aid, Student Services, Co-op, and more. All available modules will appear on your Modules page.

Thompson Rivers University (TRU) 8 modules ↓

- 1. General Information: Who is TRU: 0/13 an
- 2. General Campus Information 0/14 an
- 3. Student Life 0/16 an
- 4. Financial Support 0/10 an
- 5. Admissions 0/11 an
- 6. Faculties & Schools (General Info) 0/10 an
- 7. Campus Programs 0/17 an

## 1. General Information: Who is TRU:

Covers TRU's history, location, events, and student supports.

### How do points work?

Getting points is simple. Receive 50 point by clicking the research button and an additional 50 points for getting the answer correct.

**Tip:** Use the Research Button to find the answer.

1 of 13

### Question 1

Thompson Rivers University was not always called that. What was the school originally called?

**Hint:** Use the Research button to find the answer.

# How It Works: Your Dashboard

Check here for ongoing competitions for your school, district, province, or for Canada.

Earn badges as you quiz, and see where you rank!

Watch your points grow with every question you research and answer correctly.

# How It Works: Using Your Points

You and your students receive 50 points for researching questions, and 50 points for correct answers. Your points automatically count toward competitions, and you can also use them to donate to Food Banks Canada, or to enter draws for gift cards.

Click your points total in the top right corner to donate your points or enter a draw.

200

## Support a Charity

ChatterHigh has joined the fight to end hunger by supporting Feeding America/Food Banks Canada. You can help by quizzing and donating your points

## Enter a Draw

So you've got points to spend? Awesome! Put them towards a chance of winning things like an iTunes or Amazon Gift Card :)
